

A View to a Skill – Banff

Your mission, should you choose to accept it, will be to pit your team of 4 or 5 against other teams in a race to be the first to find the international espionage ring based in Banff. Surprisingly, Banff is full of shady characters wearing trench coats, dark glasses, and carrying briefcases! Find these mysterious characters, swap information, remain undercover, and use your wits to overcome challenges and your team may just be the first one to solve this mystery.
