

## Explorer Scavenger Hunts

Like a scavenger hunt but much, much more, Explorer Scavenger Hunts get your team hunting for historic items, collecting objects, uncovering secrets and participating in a few crazy team events. Usually themed to the area's unique and colourful history, the events can be held entirely on foot or by using taxis or vans to cover a broader region.

Participants need only be in reasonable physical condition and should be prepared for being outdoors for much of the time (wear appropriate footwear and clothing for the time of year is necessary). Disposable cameras can also be added to this event at additional cost.
